

SUBJECT : 2020 BACK-TO-SCHOOL DELIVERIES

Hello,

Following the government's recommendations with regard to the current situation, we wish to inform you about the preventive measures being taken by Raphaël U.

First of all, in order to comply with physical distancing rules and the ban on public gatherings, taking measurements in person has had to be cancelled.

Over the past few weeks, our team has been focussing its efforts on optimizing our website, the aim of which is to simplify online ordering and answer the most frequently asked questions. Among other things, we have created new tools to help you estimate the best size to order for your child and also to present more detailed information on each of the available items in your collection to help you make your selection. Furthermore, you now have the option of paying in up to three instalments.

To make sure that your children can be dressed for the start of the 2020 school year, we request your cooperation by placing your [order online](#) between **May 1 and June 15**.

By placing your order before this deadline, you will be helping our team to better plan the delivery period and offer you a better experience. You will receive an email containing details about this in mid July.

Please believe that we are disappointed not to have the opportunity to meet you and answer your questions on site. However, we are always available for you using the [contact form](#).

Thank you for your cooperation!
